

Are you between 18 and 30 years old and have a desire to have a dream package in Slovenia for free?

Then you should create a 3-day package and win a dream trip to Slovenia!

Slovenian Tourism Board and Bank of Tourism Potentials in Slovenia invite you to design your own memorable trip in Slovenia and win up to 3000 EUR to make your dream trip come true.

The proposed trip should be 3 days (2 nights) long and planned for two people to explore Slovenia. The focus of the trip is responsible travel and ecotourism. This means you are encouraged to make your trip as environmentally friendly as possible by focusing on green outdoor activities, sustainable transport options, eating local produce and using traveller providers that help protect culture and environment.

Deadline for application is **6th of May 2010**.

More information, registration form and rules you may find on:
